[www.arinursing.org](http://www.arinursing.org)

Engage our members who practice in diagnostic, interventional, neuro/cardiovascular, magnetic resonance imaging, ultrasonography, computerized tomography, nuclear medicine, and radiation oncology.

ARIN is offering Strategic Partnership Opportunities at various levels to meet the different needs and budgets of our partners in the profession. Our goal is to have partners join us in developing standards, contributing to discussions and developing solutions.

This new partnership is not a meeting sponsorship but a new and exciting year-round engagement with our members. You will receive the same benefits our members do PLUS much more. This is a 12 month partnership and is subject to renewal on anniversary.

## **ARIN Mission**

To provide Radiology Nurses with the knowledge and resources to deliver safe quality patient care in the imaging environment.

## **ARIN Vision**

To be the World's Premier Source for Imaging Nurses

Connecting Imaging Nurses across the globe. You are not alone.

Promoting the face of Imaging Nursing across all disciplines.

Advancing Radiologic and Imaging Nursing by sharing best practices, robust process improvement, and publications around the world.

## **ARIN Members**

ARIN has nearly 2,100 members worldwide that are involved in multiple aspects of patient care. Our membership includes nurse managers, staff nurses, advanced practice nurses, and educators who believe in the ultimate goal to investigate, educate, advocate, communicate, and collaborate in providing exceptional care to patients, their families, and colleagues. Many radiologic and imaging nurses are in administrative roles which include product decisions and order placement. Nurses are at the table for Value Analysis teams and provide vital information to all parties involved. Advanced Practice Nurses perform procedures such as vascular access, thoracentesis and paracentesis. Our nurses are involved in all aspects of the interventional suite, from conducting patient assessments, providing hands on patient care, educating patients and staff, to choosing quality products. Our relationship with American Nurses Association (ANA) as an Organizational Affiliate (OA) enhances our ability to deal with the challenges we face. Through our association with ANA, we have the opportunity to remain abreast of federal legislative and regulatory issues, which allows us to be engaged in political and patient safety issues. The Annual Convention offers numerous sessions to discuss and update radiologic nurses on new procedures and the preparation and education of patients and families. Presentations are provided by Interventional Radiologists, Nurses, and Industry Leaders. Webinars and other educational offerings keep members on the cutting edge. The ARIN "Members Only" Forum provides

a wealth of information and knowledge, and is a place where our peers understand our situation and questions. We are confident that you will see the benefit of being part of the ARIN organization and contributing toward crafting the future of Radiologic and Imaging nursing together.

Sincerely,  
The ARIN Board of Directors

**\$15,000**

## **BENEFACTOR PARTNER**
