RECERTIFICATION

The Radiologic Nursing Certification Board, Inc. (RNCB®) works hard to maintain the standard of excellence among nurses who have made the commitment to set themselves apart as Certified Radiology Nurses by maintaining certification. A total of 186 nurses with the CRN® credential were due for recertification between August and December 2018. There were 112 nurses who renewed their certification and 74 that did not submit for recertification via continuing education credit. The recertification rate for this period was 60.02 %.

The RNCB would like to congratulate the following 112 nurses who met the stringent standards to maintain their certification in August - December 2018. **August - December 2018**
