

Speaking Opportunities at the INS 2022 Annual Meeting and Exhibition

INS invites health care clinicians and non-clinicians, INS members and non-members to **submit an abstract for INS 2022**. Those who are selected will have the opportunity to reach an international audience; bolster their curriculum vitae by speaking at a conference developed by THE organization that sets the standards for infusion therapy practice; and submit a manuscript to the *Journal of Infusion Nursing*.

INS assesses for educational gaps in clinical practice and strives to close those gaps with interactive, engaging, high-quality educational sessions. The Annual Meeting is one of the venues where INS provides professional development programs that will improve the delivery of health care and the practice of infusion nursing. Interact with colleagues, share experiences, and learn from other experts as you contribute your expertise to **INS 2022**. Consider submitting an abstract on an infusion therapy-related topic.

INS 2022 will take place June 4-7 at the **Rosen Shingle Creek Hotel** in sunny Orlando, Florida! The luxury hotel has countless amenities and will provide attendees and speakers with easy access to everything Orlando has to offer. INS provides 1 complimentary guest room night for all speakers, and if they want to extend their stay, the hotel is offering a discounted room rate of \$179 per night plus tax. INS also assists speakers with travel expenses.

Are you interested in speaking at a national conference?

Infusion Nurses Society (INS) is recognized as the global authority in infusion therapy and is dedicated to exceeding the public's expectations of excellence by setting the standard for infusion care. INS is also dedicated to providing professional development opportunities and quality education, and to advancing best practice through evidence-based practice and research.

We are accepting abstract submissions for 50-minute podium presentations. Content must be evidence-based and reflect the current state of the science or be based upon research-driven results contributing to the science. Presentations must be free of commercial bias and adhere to the criteria set by the California Board of Nursing for awarding contact hours.

2022 Annual Meeting abstract submissions are due by November 3, 2021

Virtual and/or webinar abstract submissions are continually accepted separate from this call

Session proposals/abstracts on the following infusion therapy-related topics may be submitted:

- **Vascular access device (VAD) technology**
 - Products (eg, infusion control devices, dressings, vein visualization)
 - Use and management
 - Complications
- **Infection prevention**
- **Patient education**
- **Special populations – for example:**
 - Pediatrics
 - Older adults
 - Pregnancy
- **Alternative care settings, including but not limited to:**
 - Home care
 - Outpatient infusion centers
 - Skilled nursing facilities
- **Disease states**
- **Infusion therapies**
 - Fluid and electrolyte balance
 - Pharmacology
 - Transfusion therapy
 - Parenteral nutrition
 - Antineoplastic and biologic therapy
 - Pain management
- **Quality improvement and patient safety**
- **Nursing professional development**
- **Clinician health and wellness**
- **Current affairs, social science, and global concerns**
- **Emerging evidence**
- **Health care ethics**
- **Professional liability and legal considerations**

Apply Now: <http://ins1.org/call-for-abstracts>

Guidelines:

To be eligible, your abstract must be your original work; subsequent presentation of this content is acceptable, provided you have an original title with a different view, perspective, or focus.

To submit your abstract, please be prepared to enter the following information:

- Name and credentials—current employer, job title, and CV/resume
- Paid consultant roles (title and company)
- Proposed topic (including):
 1. Original title
 2. Session description/abstract
 3. Brief session introduction for program agenda
 4. Learning objectives
 5. Content outline
 6. References
- Speaking experience
